

Shriram

Spindles

from **RAMBAL**

When Precision Counts

Shriram Spindles are precision manufactured by M/s. Rambal Limited, Chennai which has been in the business of precision auto components since 1954.

The expertise of its highly skilled technocrats is matched only by the investments made in a cutting-edge technology based infrastructure.

Rambal is part of the Shriram Finance Group which has a strong presence in the automobile components industry. Two-thirds of the production is exported to USA and Canada in the North American Continent, UK, Germany and Italy in Europe, and Singapore and Phillipines in Asia.

To ensure international acceptance, Rambal is ISO 9001 accredited.

Technical support is the hallmark of the customer focus at Rambal. A well qualified and extensively trained team with international exposure handles operations, marketing, technical support and application engineering.

Components are manufactured with machinery imported from different parts of the world to meet the precise and exacting standards of Spindle manufacture.

- ☞ *Spindles equipped with proven SKF HF series and other internationally proven Spindle bearings/Inserts*
- ☞ *Sandwich design of Spindle Upper Part for better stability and low vibration*
- ☞ *Lower Wharve diameter up to 18.5 mm for Spinning and 20.2 mm for Doubling applications for consistent performance and energy conservation*
- ☞ *Imported damping system for superior damping at high speeds with reduced vibration*
- ☞ *Precision made Bolster Housing for perfect verticality of Spindles*
- ☞ *Standard and Special Spindles for all makes of indigenous and imported Ring Frames including LMW, Jeets, Textool, MEI, MMC, Texmaco, Rieter, Marzoli, Zinser and many more*
- ☞ *Tailor-made Spindles for Auto Doffer Ring Frames, Tangential drive Ring Frames, Wollen Ring Frames, Worsted Ring Frames, Ring Doubling Frames and Ring Twisting Machines*
